

"I am a better caregiver because of the skills I learned today at the AGE seminar." As shared by over 400 family caregivers during nine FREE events in 2010. FREE respite was also provided during every seminar.

Caregiver Resource Center

Austin Computer Learning Center

Formerly SeniorNet

AGE's accomplishments in 2010 were far reaching, from our front steps (City Manager Marc Ott and Ex. Dir. Joyce Lauck overlook the sidewalk repairs) to helping 3,000 people across Central Texas.

I'm so happy that my grandma got enrolled into Elderly Haven. It has changed my families life and hers. She likes to go everyday and see people her age. My grandma wasn't very active, didn't talk much. All of that changed when she entered Elderly Haven. I want to say it is a blessing from God that they entered our life. Thank you again.

Love,
Mury
