Can AGE be a Part of Your Story?

**"If you're going to live, leave a legacy.
Make a mark on the world that can't be erased."
- Maya Angelou**

YOU are a storyteller that has the power to shape a future where older adults and caregivers THRIVE. AGE of Central Texas wants to be a part of the story and legacy you leave for the next generation.

AGE is leading the movement charged with looking after our community's most vulnerable members - older adults and those who care for them.

Our mission is to support individuals so thoroughly and in such a personal way that their focus can broaden from survival to renewal.

With six comprehensive programs, AGE is addressing the unique needs of our Central Texas aging community.

By making the ultimate gift to AGE, you can secure a future for older adults, by creating a community where they can age with dignity, love, and independence.

A Planned Gift Can Benefit You and Your Family

At AGE, we want to help you fulfill your philanthropic goals! Use this guide as an exploration of the many planned giving options available to you and your loved ones.

The Future of Older Adults & Caregivers

A planned gift will protect AGE's future as it will allow the organization to continue evolving and growing to meet the needs of the aging community in Central Texas.

Unrestricted planned gifts will be used to fuel sustainability funds that can be drawn upon in times of financial need. The financial stability that these funds create will serve as a safeguard for AGE's services while also increasing AGE's chances at receiving significant investments from local funders. Restricted funding, when possible, will support the program or initiative of your choice.

AGE has big plans for the future and we'd love for YOU to be a part of them!

AGE is expanding to South Austin to better serve the rapidly growing number of older adults and caregivers in need. In September 2019, AGE purchased the land for this building and has worked with a team of architects and AGE staff members to design a state of the art facility that will be specially equipped to provide compassionate and individualized care for older adults with cognitive or physical challenges as well as their caregivers.

If interested in discussing how you would like to restrict your planned gift, please email Jayden Beatty at JBeatty@AGEofCentralTX.org.

Choose How to Tell Your Story

You, as the donor can plan now and choose to give now or give later. What do we mean by this?

Gifts such as bequests, retirement plans, and life insurance are planned for now, and then distributed to AGE upon your passing. This is one of the most meaningful ways for you to leave your legacy while creating a future for older adults and their caregivers to thrive.

Gifts of cash, personal property, real estate and/or mineral rights, qualified charitable distributions, appreciated securities, and gifts given through a donor-advised fund can all be given now to have an immediate impact on older adults and caregivers in Central Texas. If you, as the donor so choose, these gifts can also be given after your passing.

To choose the gift that matches your philanthropic goals you should consider when you want your gift to be distributed to AGE, and what types of tax benefits you want to receive. Planned giving can provide relief and/or benefits on income tax, estate tax, and capital gains tax. To help you and your family match your gift to your goals, please use our guide on the following two pages.

Gifts that you can plan for now, and will be distributed to AGE later.

Bequests

Name AGE in your will, trust or other estate plan document. This can be specified as a dollar amount or estate percentage. Sample will language available at the end of this guide.

Reduce Income Tax

Reduce Estate Tax

Retirement Plans

Name AGE as a beneficiary to your IRA, 401(K), 403(B), pension, or other tax-deferred plan. This is a simple way to make a gift upon your death and can provide tax benefits as well
