

Dementia Respite Programs

These community-based programs serve both memory-impaired individuals and their caregivers. Respite participants enjoy socially-enriching and fun activities while their caregivers take a break from caregiving responsibilities. Program activities can include music, exercise, games, dancing, arts and crafts, and a meal. Some sites offer concurrent caregiver support groups.

Respite programs are generally offered free of charge or for a nominal fee. Expenses are covered by in-kind and monetary donations from area businesses and individuals. Programs are staffed by volunteers. Admission to each respite program is at the discretion of its program director, based upon the stage of dementia and the care needs of the participant. All persons are considered without regard to race, religion, sex, nationality, or place of residence.
